

Dear Dawn,

I think I've written thank yous to all the staff we talked about. This one is to you. Thank you for creating New Dawn and finding such efficient caring employees. We feel blessed to have found you at this critical part of Mom's journey. You provide a special service that I wish all who need it could experience. It was so fortunate that our Dad made it possible for Mom to be there, and somehow guided us to you.

Thank you and blessings to you + your family. Gratefully, Sam + the Maklev Family
