

Dawn -
I wanted to make a personal call of thanks but have been challenged to find a good time with the 3 hour difference and my new job so I am sending you a card instead.

I can't begin to thank you for everything you did for my mom from the loving welcome to trying to accommodate all her wishes - getting her prunes and having the staff put on her spiritual readings every day - to helping my sister with logistics during her final week. It meant so much to both of us that you were making arrangements for her to return to her new home rather than having to go to a nursing home. Now that I am writing this it is probably best I didn't call as I am quite emotional. :-)

I am saddened that she was not able to reap the wonderful benefits of your home, you and your amazing staff for longer than she did. I so wish we would have found your first home sooner because it was such a better fit for my mom's needs.

Thanks

I would love to write a review for you so please text me which sites you would like and I will do so. I am also happy to field any prospective residents calls evenings or Sundays as I am working Monday - Saturday. I am still conflicted whether to stay working after only starting in January :- but I am actually being back in the work force so only time will tell.

Please also extend my sincere thanks to your wonderful staff. All of you are truly gems.

With so much appreciation,
